# Welcome to **CUES** News

**See you at the show!**

**BOOTH 5024**

**FEBRUARY 21-24**  
INDIANA CONVENTION CENTER  
INDIANAPOLIS

# wwett™ 18

Water & Wastewater Equipment, Treatment & Transport Show

Mark your calendars and make plans to visit CUES at the **2018 WWETT Show** in Indiana on February 22nd -24th, 2018. The Water & Wastewater Equipment, Treatment & Transport

show is the world's largest annual trade show for environmental service professionals. CUES will have exciting new innovations for the water/wastewater industry, as well as experts and top executives on hand to answer any questions you may have. Visit CUES in Booth #5024. We hope to see you at the show! To learn more about CUES products, [contact your CUES Regional Sales Manager](#).

# SPiDER

Spherical Imagery Digitally Enhanced Rendering

### CUES SPiDER Scanner

The **CUES SPiDER Scanner** is the first wireless and color manhole inspection technology in a lightweight and compact form factor. The SPiDER is a scanner which can calculate its position in the manhole shaft by using its sensor data to measure its incremental motion instead of the payout cable. SPiDER weighs less than 30 pounds and can be hand carried to easements or other previously difficult to access sites. This wireless portability is possible because the processing computer and battery supply are built into the scanner. To learn more about SPiDER or CUES Manhole Inspection Vehicles, visit us at the WWETT show or contact your [CUES Regional Sales Manager](#).

## Upcoming Show Speakers / Presenters:

NAME OF SHOW	SPEAKER	FEATURED PRODUCT	DATE OF SHOW
33rd Annual Tri State Seminar, Las Vegas, NV	Pierre Mikhal	SPDR Scanner / Manhole Inspection Technology	September 26-28, 2017
Water Environment Federation Conference (WEFTEC), Chicago, IL	Pierre Mikhal	SPDR Scanner / Manhole Inspection Technology	September 30-October 4, 2017
2018 Water & Wastewater Equipment Treatment & Transport Show (WNETT), Indianapolis, IN	Pierre Mikhal	SPDR Scanner / Manhole Inspection Technology	February 22-24, 2018

## Speaker Details:

Pierre Mikhal is the Director of the CUES Manhole Inspection Division (MID). CUES MID specializes in providing utilities and contractors with innovative and unique inspection technologies to address manhole and connecting pipeline inspections. Mr. Mikhal has been with CUES for a period of 2 years where he serves as a technical lead and director for the CUES manhole inspection products.

Prior to CUES, Mr. Mikhal held positions in Engineering Consulting Firms over a period of 21 years with a majority of that time spent assisting utilities around the country with their sanitary and storm assessment challenges.

## UPCOMING SHOW/SPEAKER EVENTS

CUES sales professionals, along with over 20 authorized CUES dealerships, attend over **over 50 shows** domestically and worldwide. Most of these shows offer learning opportunities, workshops, and/or exhibits to help educate visitors on the latest technology and tools in the industry. CUES is proud to not only attend these shows, but also provide key note speakers on a range of topics and products. Be sure to check out **upcoming speaker details** on the CUES website.

## GROUTING MADE EASY

## CUES Annual Municipal Grout School

Avanti International, CUES Inc., and Logiball Inc., are partnering together for its annual 2-Day Operator Grout Training in Orlando, Florida, on March 14-15, 2018. Learn hands on skills for grouting mains, laterals and manholes in wastewater and storm water structures. (10) PDH Credits for (10) Professional Development Hours (PDH) certified by the Florida Board of Professional Engineers (FBPE). Classes sell out early, so **click here to register** and book your hotel room.

## CUES TIPS Video - TV Cable Strain Relief

CUES proudly offers TIPS videos! TIPS videos are short, simple instructional videos, or "tips", on the operation of CUES products. **Click here** to view the CUES TV Cable Strain Relief video on the CUES YouTube channel!
