STOP INFLOW & INFILTRATION

with CUES Test & Seal Grouting System

GO THE DISTANCE!

Stop leaks in sewers, manholes, tanks, vaults, tunnels, and more, with CUES portable and truck-mounted chemical grout rehabilitation systems. Chemical grouting is the least expensive rehabilitation method available and the best, long-term defense against infiltration of groundwater into structurally sound sewer systems. CUES truck-mounted grout rehabilitation systems are available for mainline joint sealing/lateral sealing and can be equipped with the latest CCTV equipment for television inspection. All systems can be configured to run Urethane, Acrylimide and Acrylate grouts. Grout packers are available for mainline and lateral sealing. To learn more, [contact your CUES Regional Sales Manager](#).

Visit the CUES Website

GraniteNet is a PACP, MACP and LACP Version 7 certified software platform for managing assets, tasks, people and equipment.

GraniteNet is the next generation condition assessment software for the water, wastewater, and stormwater industries. GraniteNet software is asset based, which enables the software to easily interface with other asset based software products such as ESRI ArcGIS Mapping systems, and asset management systems to include Cityworks, Infor Public Sector (Hansen), IBM Maximo, and others. Intuitive and easy to use, data and video can now be accessed via a web portal. Please visit www.gnet.us.com to learn more and schedule a demonstration.

Come visit CUES at the Florida Section of the American Water Works Association Conference

CUES will attend the [FSAWWA Conference](#) in Orlando on November 26th-30th, 2017. The FSAWWA Fall Conference provides an opportunity for utility managers, directors, and operators, to stay current on relevant topics and new technologies. CUES will have exciting innovations for the water/wastewater industry, as well as experts and top executives on hand to answer any questions you may have. We hope to see you at the conference!

CUES TIPS Video

CUES TIPS videos are short, simple instructional videos or "tips" on the operation of CUES products. [Click here](#) to watch the CUES HD connector mating instructions video on the CUES YouTube channel. This video demonstrates the proper connection steps of the HD connector to the DUC camera.

Don't forget to subscribe to the CUES YouTube Channel

[Subscribe to the CUES YouTube channel!](#) Here, you can get access to the latest CUES products, training, and company videos to aid your upcoming CCTV pipeline inspection projects for the water, wastewater and stormwater industries.

Thank you for being our valued customer! We are grateful for the pleasure of serving you and helping you meet your CCTV pipeline inspection equipment needs. CUES wishes you and your family a very [Happy Thanksgiving!](#)
